

Lomandra "Lime Tuff"

full sun

drought tolerant

frost hardy

70cm

FEATURES

- Compact and lush all year around
- Tolerates dry and wet conditions
- Never requires pruning
- Easy to grow
- Requires no maintenance
- Outstanding lime fine green foliage

USES

- Excellent to plant where height is a restriction
- Grows under trees
- Great for domestic and commercial landscapes
- Flexible to use in native, exotic and tropical style gardens

POSITION

Grows in full sun to part shade. Adaptable to most clay, loam and well drained soils. Performs well under trees

CARE

It is best to initially feed with a slow release low phosphorus fertiliser to help establish when first planted. Mulching around the base of the plant will help retain moisture and suppress weeds
